Sample Questions and Expert Insights

To illustrate the depth and scope of the June 2013 N4 Economics paper, let's examine some representative questions and provide expert analyses.

Sample Question 1: Microeconomics ? Demand and Supply

Question:

Using diagrams, explain how an increase in consumer income affects the demand for a normal good.

Expert Analysis:

This question assesses understanding of demand theory. A candidate should draw a standard demand curve and illustrate a rightward shift, indicating increased demand as consumer income rises. The explanation should include the concept of normal goods?goods for which demand increases with income?and mention that the shift results from increased purchasing power. A well-structured answer demonstrates both graphical proficiency and conceptual clarity.

Sample Question 2: Macroeconomics ? Inflation

Question:

Describe the effects of inflation on consumers and producers. Support your answer with relevant examples.

Expert Analysis:

This requires learners to analyze inflation's impact on different economic agents. For consumers, inflation erodes purchasing power, leading to a decrease in real income, especially if wages lag behind prices. For producers, inflation can increase costs and profit margins if prices rise faster than input costs. The answer should include examples like rising fuel prices affecting transport costs or wage-price spirals. Critical evaluation of inflation's mixed effects showcases higher-order thinking.

Sample Question 3: Policy Analysis

Question:

Evaluate the effectiveness of fiscal policy in reducing unemployment.

Expert Analysis:

Candidates should discuss how expansionary fiscal policy (e.g., increased government spending, tax cuts) can stimulate demand and create jobs. However, they should also consider potential drawbacks such as increased public debt and inflationary pressures. Including recent examples or case studies enhances the response. A comprehensive evaluation balances benefits and limitations, demonstrating analytical depth.
